Welcome !!!

Hi everybody this is Mister Duncan in England. How are you today ?

Are you OK ? I hope so. Are you happy ? I hope so.

Welcome to the very first episode of my series of English teaching videos.

Before I begin we will take a look at some of the common questions that often arise when talking about learning the English language. And more importantly learning it as a second language..

So the first question must be : “ Why do we need to learn English ?”

Of course one of the reason why we need to be able to speak English nowadays is **because the world is becoming smaller**. Thanks to the internet and our developing global economy more and more people are using English as a common way to communicate with each other. So now it has become unavoidable that companies and large

businesses will need to employ people who can speak more than their own native language. That is where **English** comes in. It is now officially considered as an International language. Of course **learning anything is difficult and English is no exception**. However there are ways to make the situation easier . I have come up with my own list of general rules for learning English, Do you want to hear them ? Do you want to know what they are ? OK Let's go !

Learning English takes time and patience. It cannot be rushed.

Try to relax and take it easy.

The most important thing you need at the beginning is **a good vocabulary. (5a) Without word, you have nothing to work with.** You must start with a strong foundation or base. And slowly build on it, day by day !

You must view English as a part of your body. Just as you would, an arm or a leg, **It must become a part of your everyday life.** Daily practice is very important, Do not worry about making mistakes ... in fact the more mistakes you make the more you will learn from them. Just like learning to ride a bike, Sometimes you fall off. So what do you do ? You get back and try again.

Do not look at English as just another subject. **Your attitude to English and the way you view it will decide how well you progress.** Just as we say in English. **"No pain ... no gain".**

The two most important words to remember when learning English are **practice and confidence**, Practice English everyday and be confident. You will find that the more you use English the better your English will become. And the more confident you become then the more you will want to use it. Make it a rule to tell yourself ... I can do it 3x **Bye for now.**

Please remember, my lesson are aimed at everyone so hopefully you will find something useful in each one. Maybe you will find some of the words I use very easy. But you will also see some words that maybe new to you. remember, my lesson are aimed at everyone Even teachers are very welcome to join in, Learning English should be a fun experience. And I hope with the help of my video lessons you will discover just how much fun it can be. I hope you've enjoyed my first lesson. This is Mister Duncan in England saying Thanks for watching and bye-bye for now.

Belajar Bahasa Inggris – Pelajaran Pertama dengan Mister Duncan

Selamat datang

Hai semua. Ini Mister Duncan di Inggris. Bagaimana (keadaan) anda hari ini ?

Anda baik-baik saja? ...Saya harap demikian. Anda bahagia ? ... Saya harap demikian.

Selamat datang pada bagian paling awal dari serial video pengajaran Bahasa Inggris saya.

Sebelum saya mulai kita akan melihat pada sejumlah pertanyaan umum yang sering muncul ketika membicarakan tentang pembelajaran Bahasa Inggris. Dan yang lebih penting pembelajarannya sebagai bahasa ke-dua.

Jadi pertanyaan pertama pastinya : “ Mengapa kita perlu belajar Bahasa Inggris ?”

Tentu saja satu dari alasan mengapa kita perlu mampu berbicara Bahasa Inggris saat ini adalah karena dunia menjadi lebih kecil. Terima kasih kepada Internet dan perkembangan ekonomi global kita., semakin lama semakin banyak orang menggunakan Bahasa Inggris sebagai sebuah cara umum untuk berkomunikasi satu sama lain. Sehingga sekarang sudah menjadi tak terhindarkan bahwa perusahaan dan bisnis besar akan perlu untuk mempekerjakan orang yang dapat berbicara lebih daripada bahasa asli mereka sendiri, Itulah dimana Bahasa Inggris datang. Dia sekarang secara resmi dianggap sebagai Bahasa Internasional.

Tentu saja belajar sesuatu adalah sulit dan Bahasa Inggris bukanlah perkecualian. Namun demikian, ada cara-cara untuk membuat situasinya menjadi lebih mudah. Saya akan mulai dengan daftar peraturan umum saya sendiri untuk mempelajari Bahasa Inggris.

Anda ingin mendengar mereka ? Anda ingin tahu apakah mereka itu ? Baiklah Ayo !

Belajar Bahasa Inggris memerlukan waktu dan kesabaran. Tidak bisa dicepatkan (ndadak/ di-“oyo”). Cobalah rileks dan buatlah mudah.

Hal terpenting yang anda perlukan pada permulaannya adalah perbendaharaan kosa kata. Tanpa kata, anda tidak memiliki apapun untuk dikerjakan/diupayakan. Anda harus mulai dari pondasi atau basis yang kuat (dahulu). Dan secara perlahan membangunnya , hari demi hari.

Anda harus memandang Bahasa Inggris sebagai bagian dari tubuh anda. Sebagaimana anda, sebuah lengan atau kaki. Dia haruslah menjadi bagian dari kehidupan anda sehari-hari. Praktek pelatihan harian adalah sangat penting. Jangan khawatirkan tentang membuat kesalahan dalam kenyataannya semakin banyak kesalahan yang anda buat semakin banyak anda akan belajar dari mereka. Seperti mengendarai sebuah sepeda, terkadang anda jatuh. Maka apa yang anda kerjakan (kemudian) ? Anda bangkit dan mencoba lagi.

Jangan melihat bahasa Inggris hanyalah seakan subyek lain (hal asing ?). Sikap anda terhadap Bahasa Inggris dan cara anda memandangnya akan menentukan seberapa baik anda akan maju berkembang. Sebagaimana yang kita nyatakan dalam Bahasa Inggris : ” (Jika) tidak ada jerih payah/usaha ... (maka) tidak (akan) ada pencapaian. ”

Dua kata penting yang (harus) diingat ketika mempelajari Bahasa Inggris adalah praktek (latihan) dan kepercayaan diri. Anda akan menemukan bahwa lebih banyak anda menggunakan Bahasa Inggris akan menjadi semakin baik Bahasa Inggris anda. Dan akan semakin yakin / percaya diri kemudian akan lebih banyak anda ingin menggunakannya, Buatlah ini sebagai suatu aturan/kaidah untuk anda nyatakan kepada diri anda sendiri. Saya dapat mengerjakannya 3 x

Selamat tinggal sekarang.

Cobalah ingat, pelajaran saya ditujukan pada setiap orang dengan harapan anda akan menemukan sesuatu yang berguna pada masing-masing (bagiannya). Mungkin anda akan menemukan sejumlah kata yang saya gunakan dengan sangat mudah. Tetapi anda akan menemukan sejumlah kata yang saya gunakan dengan sangat mudah. Tetapi anda akan juga melihat sejumlah kata yang mungkin baru untuk anda.

Ingat belajar Bahasa Inggris ditujukan pada setiap orang. Bahkan guru sangat diharapkan/ dipersilakan untuk bergabung di dalamnya. Belajar bahasa Inggris seharusnya menjadi suatu pengalaman yang menyenangkan. Dan saya harap dengan bantuan pelajaran video saya, anda akan menemukan akan bisa menjadi begitu menyenangkan. Saya berharap anda akan suka/menikmati pelajaran pertama saya.

Ini mister Duncan di Inggris menyatakan terima kasih (dikarenakan telah) menyaksikan dan selamat tinggal (dahulu untuk) sekarang.

Soal

1. Mengapa kita perlu belajar Bahasa Inggris ?
2. Apa yang sekarang secara resmi dianggap sebagai bahasa Internasional?
3. Apakah mempelajari sesuatu termasuk Bahasa Inggris sulit ?
4. Dapatkah kita mempercepat ('ndadak') dalam mempelajari bahasa Inggris sehingga kita tidak perlu membutuhkan waktu dan kesabaran ?
5. Apa hal yang paling penting yang kita perlukan pada permulaan?
6. Mengapa dia hal yang paling penting yang kita perlukan pada permulaan ?
7. Bagaimana kita dapat memandang bahasa Inggris sebagai bagian dari tubuh kita?
8. Mengapa kita tidak dapat memandang bahasa Inggris hanya sebagai subyek yang lain ?
9. Apa yang harus kita nyatakan dalam Bahasa Inggris?
10. Apa dua kata paling penting untuk diingat ketika belajar bahasa Inggris?
